

CHANGE REQUEST FORM		
Change Description		
Project Name: SERS	Change Name: Replace alert()	Number: CR-001
Requested By: Jonathan	Contact:	Date: Dec 7,2025
<p><b>Description of Change:</b>Replace the browser alert() that appears after event registration with a green success banner that slides down from the top and disappears after 5 seconds.</p>		
<p><b>Reason for Change:</b>alert() blocks the UI, looks outdated, and provides poor user experience. A banner is modern, non-blocking, and professional-looking.</p>		
<p><b>Priority [Circle One]:</b> 1. High 2.[ Medium] 3. Low</p>		
<p><b>Impact on Deliverables:</b></p> <ul style="list-style-type: none"> <li>- <a href="#">src/script.js</a></li> <li>- <a href="#">src/style.css</a></li> </ul>		
<p><b>Impact of Not Responding to Change (and Reason Why):</b>The system will continue to use outdated UX patterns, reducing the professional appearance of the final product.</p>		
Date Needed: Dec 8,2025	Approval of Request:	Date: Dec 7,2025

Change Impact		
<p><b>Tasks/Scope Affected:</b>Add CSS animation for banner + modify registration success handler in script.js</p>		
<p><b>Risk Evaluation:</b>Low – only visual change, no functionality broken.</p>		
<p><b>Quality Evaluation:</b>Significantly improves user experience and visual polish.</p>		
<p><b>Assigned Developer:</b></p>		
<p><b>Branch Name:</b>CR/001-success-banner</p>		
<p><b>Alternative and Recommendations:</b>None required.</p>
